The mission of ERS school

The Privatschule der Deutschen Botschaft (ERS) aims to prepare students as lifelong learners and global contributors with values like tolerance, responsibility, and international-mindedness. The school focuses on students developing politeness, helpfulness, motivation, and skillfulness to compete internationally and adapt to new situations.

Group 4:
Biology HL in German
Physics SL in English

IB Diploma Requirements of ERS-GIB School:

Students must take 3 Higher Level (HL) as well as three Standard Level (SL) courses. One course from each of group 1-5, and 6th subject from either group 6 or any other group.

- **Higher Level (HL)**
240 recommended hours
- **Standard Level (SL)**
150 recommended hours
- **Complete Core requirements: EE, CAS, TOK**

In addition to academic subjects, three important features of the International Baccalaureate (IB) are highlighted at the center of the model as core components:

• Theory of Knowledge (TOK):

A challenging course unique to the IB. The aim is to develop a critical approach and the ability to question the basis of knowledge. The course requires at least 100 teaching hours over the two-years program.

• Creativity, Activity, Service (CAS):

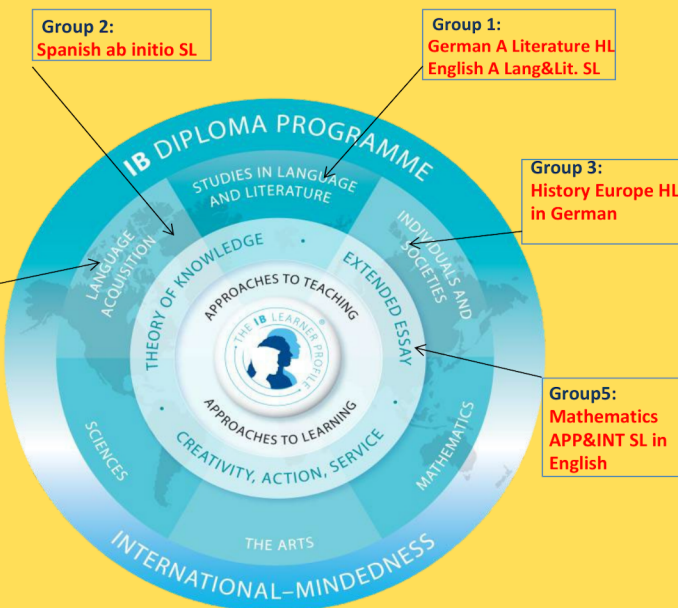

The CAS programme, through experimental learning, encourages students to get involved in projects as theatre, productivity, sports, music and community service activities for personal development.

• Extended Essay (EE):

The IB student chooses, researches, and documents a 4000-word essay after about 40 hours of private study of a subject of special interest.

IB Diploma Programme DP Model
